

# Dustiny's Spaghetti's

## Spaghetti's made by Dustiny in Houghton Lake.

Dustiny's Spaghetti's take the world by storm. Having the best tomato sauce and meatballs of all spaghetti's. The spaghetti's have a great base tomato sauce, starting from San Marzona Tomatoes.

### *The Spaghetti's Tomato*

**San Marzona Tomatoes** are the most famous plum tomato used in many canned tomato sauces. Liked because of its thin and slender tomato shape. Dustiny uses **San Marzona Tomatoes** inside of his Spaghetlios. Debunking the theory of using radioactive tomatoes. As many critics said "We believe that there is *radioactive materials* inside of Dustiny's tomato sauce, being used inside of his Spaghetlios"

### *The Meatball of the Spaghetlios*

The Meatballs are made from a blend of meats including steak and ground beef. Dustiny will not reveal exactly what is inside of these meatballs as it is a trademark secret. However this leads critics to believe something suspicious going on. Dustiny has made a statement on this before, " You may believe what you want, but my spaghetlios are made from 100 percent natural ingredients. Nothing but the best for my spaghetti lovers." We do know however that the meatballs carry 93 percent of your entire daily sodium intake, so be careful with how many spaghetlios you eat.
